

BABSON DISCUSSES COMPETITION

(Exclusive NEWS Feature)

My recent article on education in this column brought a heavy correspondence from all over the United States. I want to share with you the two points of view which these letters seem to present.

DOWN WITH COMPETITION

One point of view comes from the disciples of John Dewey. One of these disciples, a high school teacher, writes that she is "shocked" to think that businessmen "have no higher ideals or understanding than that of competition." She pleads that "an A achievement may be only a D achievement for someone else," and that it is much better for the individual's development to "work on his own level and compete with himself, working to progress as far as he can." This teacher wrongly says, "A pupil gains confidence only when measured by his own possible growth and not his neighbor's brains." I believe this theory is wicked and unfair to the student who must compete after graduation with all students on all levels.

Of course an A achievement is only a D achievement for someone else; but I am pretty sure the D student can excel in something. Let him find that something and move in that direction. That is where we need guidance from a sympathetic teacher. Let no student be discouraged by work that he finds hard or because he cannot make A grades, too. This is not preparation for life, because life is not like that. One of America's great business leaders today, James F. Lincoln of Cleveland, tells his workers he looks upon them as players on a team. He

Newly installed Master Councilor of Arlington DeMolay, Larry Paz, has announced the dates of this year's Variety Show as April 31 and May 1. The first of these drives was held this week and the second will be held Wednesday, April 28 between 6:30 and 10:00 in the evening. Those who are not sold tickets at the drives may purchase them at the door.

Family Studies Music At Academy

The Arlington Academy of Music recognized many years ago the importance of family get-togethers through music. At this school, the "play at home" groups are given every aid and encouragement by Dean Frank E. Ward. This project has been so successful that at the present time the number of family groups has reached astounding proportions.

One of the family groups studying at the Academy is pictured here. They are Wade and Walter Welch, sons of Mr. and Mrs. W. Welch, Jr., of 30 Falmouth road, Arlington. Other similar groups are Leslie and Janice Banks, children of Mr. and Mrs. B. Edwin Banks of 127 Florence ave., Edward, Ralph and Roderick Cook, sons of Mr. and Mrs. Ralph Cook of 23 Jason street, Alice, Dorothy and Richard Gannon, children of Mr. and Mrs. Richard Gannon of 161 Lake street, Eleanor and Sonia Gorchelchenka, daughters of Mr. and Mrs. Walter Gorchelchenka of 66 Mary street, Frederick and Theresa LaValle, children of Mr. and Mrs. Ralph LaValle of 11 Adams street, Judith and William Lewis, children of Mr. and Mrs. Horace Lewis of 50 Claremont ave., Barbara and Theodore Lind, children of Mr. and Mrs. Francis Lind of 17 Orlando ave., Freda and Reynold Spector, children of Mr. and Mrs. Asher Spector of 33 Elmore street.

The annual Social Meeting of Arlington Post No. 39 of the American Legion will be held next Tuesday, April 27, in Legion Hall at 8:00 p.m. All members are invited to bring their wives, sweethearts and friends for a pleasant evening of dancing to the music of "Peg" Grannan and her "Men of Menotomy." The Post Drill Team, commanded by Ray Higgins, is sponsoring the dance. A special luncheon, with a surprise feature, has been prepared by the committee which includes: Bob Bennett, Carl Fields, Gino Nozza, Cy Myatt, Joe Curley, Bob Crosby, Bob Da-hill, Al Jefferson, Fran Borden, Jim Spriggs, Fred Ripley, Bill Sweeney and Dick Medley. Board Approves Sketches; Elects 280 Teachers

Informal but complete sketches of the addition to the Bishop School were approved by the school committee Tuesday evening, and indications were that work would be underway fairly soon on the six room addition to the town's newest school structure. Arlington's recent town meeting voted \$170,000 for the addition and authorized the school committee, working with the Town Manager, to carry out the work.

At Tuesday evening's meeting, two representatives of the architectural firm of Perry, Shaw and Hepburn of Boston sat in with the school board, Town Manager Edward C. Monahan and Superintendent of Building and Maintenance George Greim to go over the plans and sketches.

With the approval of the sketches

last evening, the firm will now prepare working plans and specifications which will be ready for bids as soon as possible.

Meanwhile Superintendent of Schools Clifford Hall made an appointment with the State Building Assistance Commissioner to discuss state aid for the Arlington building. In other years, Arlington has received 27 or 28 percent in state aid toward the total cost of the building.

As the Bishop school area and planning conforms to the requirements of the State Commission, it is felt that Arlington will be granted similar aid for this school.

Mr. Lloyd and Mr. Carr of the architects firm pointed out to the board that the drawings and sketches follow closely the architect

Dies At Wheel

A 60-year-old Arlington man suffered a fatal heart attack at the wheel of his car on Route 1 New-castle, Maine.

Three passengers in the auto escaped unharmed when the car left the road and was halted in a field a short distance away.

Theodore Bucit of 34 Fountain road, a bricklayer, was pronounced dead at the scene by Medical Examiner Neil Parsons and the body was removed to Grindal's Funeral Home at Damariscotta.

Riding with him were his wife, Mildred, and Mr. and Mrs. John Bloomberg of 2 Centre pl., Roxbury, Mass. Police said none was injured.

The two couples were returning home after a visit with friends in Damariscotta when the accident occurred.

Besides his wife, Bucit leaves a son Bruno of Belmont.

and was alighting from the left door, when the door was struck, she was thrown to the street.

In another mishap Saturday, a sedan owned and operated by John R. O'Neil of 15 Jason terrace, while proceeding on Jason street toward Mass. avenue, was in collision with a sedan owned by Dominic P. Battaglia, 64 Milton street, and operated by Edna L. Battaglia. Mrs. Battaglia was crossing Jason street at Irving street, heading in the direction of Bartlett avenue.

Both Mrs. Battaglia and her 10 year old daughter were treated for head injuries by Dr. David Gersh. The youngster was a passenger in the back seat.

Also lost as a result of the accident was a diamond, the value of which was unknown. Apparently the stone was jarred loose from its setting by the impact of the crash.

Frank Murnane, aged 50, of 375 Mt. Auburn street, Cambridge was hospitalized Saturday when he was struck while crossing the street at Mass. avenue and Oxford street.

The operator of the car which struck Murnane was reported by police as being Joseph M. Connors of 39 Amherst street, Arlington. He was driving a sedan owned by Patrick J. Connors, of the same address.

Murnane was taken to the hospital in the police ambulance, where he was treated for a bruise over the right eye.

William Heffer, aged three, of 39 Hilton street stepped from the sidewalk on Warren street, at Broadway, and was struck by a sedan reportedly driven by Robert W. Sullivan of 67 Broadway.

Sullivan took the boy to Dr.

Gersh's office and he was treated for a bloody nose. The boy was taken home and turned over to his mother.

Gaston St. Marie of 17 Arnold street and Donald Dolan of 67 Ronald road were taken to Symmes Monday as the result of a two-car collision in front of 88 Paul Revere road.

Dolan's car, owned by James G. Dolan, was proceeding east on Paul Revere road at the time of the collision. The other car involved was owned and operated by George R. Stone, 7 Nathaniel road, Winchester and was going in a westerly direction.

St. Marie, a passenger in the Stone car, was released after being examined. Dolan was examined for a chest injury and was to be transferred to the Naval Hospital, as he is a member of the U. S. Marines.

The passengers in the Dolan car all complained of being shaken up, but refused medical treatment at the scene. They were: John McGough, 20, 98 Fairmont street; Brian McNeeley, 15, 60 Bartlett avenue; Fred Ryan, 16, 71 Hibbert street and Jeremiah Murphy, 16, 15 Valentine road.

Kensington Park Study Club To Meet

The Kensington Park Study Club will meet Tuesday, April 27, at the home of Mrs. Ralph B. Lancaster, 75 Winchester road.

"Men of Universal Genius" is the subject for study at this afternoon meeting.

Two papers will be presented: "Leonardo da Vinci" by Mrs. Morton C. Bradley and "Thomas Jefferson" by Mrs. Grace I. Lawley.

Visiting Nurses Meet Well Attended

The April meeting of the Arlington Visiting Nursing Board made an attendance record, with every member present.

Miss Leavitt, the Supervisor, reported on some of the more outstanding cases.

The board was grieved to learn of the loss by death of the mother of Miss McGowan and the brother of Miss Heffernan.

Some five hundred juniors and seniors from high schools in New England are getting a preview of what its like to go to college as they visit Simmons on Student Invitation Days, April 21 and 22.

Local students who are attending include: Ann Aldrich of 115 Gloucester street; Ethel Beagen of 97 Row street; Carol Bellotti of 115 Summer street; Loretta Bellotti of 115 Summer street; Ellen Donovan of 272 Appleton street; Ann Giannoni of 4 Alpine street; Patricia Hanlon of 23 Colonial Drive; Louise Higgins of 50 Ronald road; Marilyn Morton of 29 Russell street; Adele Murphy of 36 Fayette street; Eleanor Perkins of 35 Addison street; Priscilla Peterson of 24 Ronald road; Mona Shute of 68 Chester street; Peggy Strang of 341 Grand View road; Diane Swanson of 30 Scituate street and Sarah Weston of 142 Gray street.

ecture and structural design of the original Bishop building.

School Committee Chairman Joseph Bevins and Town Manager Monahan are serving as chairmen of the committee which will supervise construction of the addition.

Three classrooms, two sanitary rooms, and storage space is included on each of the two floors of the addition.

At the present time, the committee is setting January 1, 1955, as the date of the opening of the new addition, designed to solve the problem of expanding population in the area.

At the Tuesday evening meeting, the board elected 280 teachers, including some new teachers.

Announcement of the names of the new teachers will not be made until they have accepted the Arlington contracts.

Resignation of Carl Erickson, director of athletics and recreation, Miss Jane Keddie, teacher in the Locke school, Grace Fetter, teacher in the Russell school, and Helen Matthews, high school teacher, were accepted, effective at the end of the school year.

The annual graduation from the Junior High Industrial Arts school will take place on June 10. Arthur Coughlin Jr., a new member of the board, will award the diplomas.

The committee authorized Mr. Hall to work with the town manager and Mr. Erickson on plans for the playground at Junior High West. The Town Meeting voted \$15,000 for a survey of the area, with any balance to be used to carry out the proposed grading.

APRIL is Inspection Month

Compulsory inspection of all vehicles operated in Massachusetts prior to May 1st is now underway. Each car — business or pleasure — each trailer, truck, or tractor must pass a test for safety and display a safety sticker.

Spring inspection is particularly important, first because of the hard wear that Winter gives to a car, second because of the heavier traffic and faster speeds of the Summer ahead. The ruts and skids and strains of Winter injure brakes, wear out tires and loosen joints. Check YOUR car now. Be sure YOUR car will respond THE RIGHT WAY in event of an emergency.

The following concerns of Arlington will check your car thoroughly and make it eligible for a Massachusetts safety sticker. If adjustments are needed to make your car safe they will do a good job at reasonable prices.

Fine Weather, Large Crowds Favor Patriots Day Activities

Clear skies, beautiful spring weather, brightly colored balloons and cotton-candy welcomed the many participants and spectators who crowded Arlington center for the annual April 19th Patriot's Day observance.

Flag raising ceremonies were conducted by Boy Scouts and the Lieutenant Stanley Benner, Chapter of the Marine Corps League at 8:00 a.m.

At 9:30 a.m. the parade, composed of military and civic organizations, formed on Tufts street. The march from Broadway up Massachusetts avenue to the Old Burying Ground on Pleasant street got underway at 9:45 a.m.

Tribute was paid to Soldiers and Patriots of the American Revolution at 10:15 a.m. at the Burying Ground. The services were started by the reading of the Governor's Proclamation by Scout Gordon Johnston. Rev. John Nichol Mark, Chaplain of American Legion Post No. 39, gave the invocation and addressed the group that had assembled. The Firing Squad of the American Legion saluted and the service was ended with the playing of "Taps" and "The Star Spangled Banner" by the Legion band.

The Parade continued out Pleasant street to Mass. avenue, up to Lockeland avenue, circled around Lockeland to Wildwood and Churchill avenues and back to Mass. avenue, where it disbanded at the Public Library and Water street.

Combined bands played a concert at the Town Hall from 11:30 to 12.

"Paul Revere" and "William Dances, Jr." were welcomed by Town Officials and the Daughters of the American Revolution at 12 noon. The Patriots were saluted at noon by the 1-7-7-5 blasts on the Fire Signal.

At 12:30 the riders left for Lexington.

Among the organizations represented in the parade were: Marine Corps League, American Legion, United Spanish War Veterans and Auxiliary, Sons and Daughters of the American Revolution, Gold Star Mothers, Disabled American Veterans, Veterans of Foreign Wars, Boy Scouts, Girl Scouts, Cub Scouts, Campfire Girls, Brownies, Bluebirds and all the civic organizations.

er's Agent Jack Maguire with Jerry Bartholomew in charge of the Northern League, John Morits in charge of the Southern League; Dan Hurley in charge of the Western League.

Colonial Inn Proves Popular

Most of us at one time or another have wished we could find a place to eat that is "really different." Just such a place, within easy driving distance of here, is the Colonial Inn in Concord, Mass. Here the old world atmosphere has been preserved and the quiet serenity of this charming country inn offers complete relaxation away from the noise and confusion of the city. Traditionally fine New England cooking is a delightful treat to all and is a feature at the Inn.

Keenan Votes Against Bond Issue

Last week when the Highway Program was debated on the floor of the House of Representatives, Representative Francis Good of Cambridge and Representative Keenan of Arlington offered an amendment to the Bill which stated, "That no funds resulting from the bond issue could be used for the construction of the Boston-Lowell Turnpike through Cambridge or Arlington or widen the Concord Turnpike in Lexington or Arlington." This amendment was offered to spell out in the highway program the statements made by Commissioner Volpe recently that the highway would not be built through Cambridge or Arlington.

The Representatives from Lowell, both Republican and Democrat, protested the amendment as they said they were promised by Commissioner Volpe that Route 3 would be built to Boston. And concrete evidence of this fact is that Route 3 had already been built to Route 128 and that an expensive overpass has already been constructed at Route 128 and is headed in this direction.

The amendment for the protection of Arlington and Cambridge was defeated and view of

the action taken, Representatives Good and Keenan voted against the Highway Bill so called. Representative Keenan has warned the officials to keep their eyes open for the pressure that will be exerted by the Lowell Representatives to have this highway built to Boston through this general area.

CHRISTIAN SCIENCE

That unwavering obedience to the eternal demands of Christ is the only way to individual salvation and progress will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Probation after Death" includes the following passage from the Bible:

"Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear and trembling" (Philippians 2:12).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read:

"Vibrating like a pendulum between sin and the hope of forgiveness—selfishness and sensuality causing constant retrogression—our moral progress will be slow. Waking to Christ's demand, mortals experience suffering. This causes them, even as drowning men, to make vigorous efforts to save themselves; and through Christ's precious love these efforts are crowned with success" (22:3).

The Golden Text is from Psalms: "Examine me, O Lord, and prove me; try my reins and my heart" (26:2).

To Mr. and Mrs. Richard A. Simons (Mary J. Stahl) of 17 Paul Revere road, Arlington, a son, named David Clay on April 10, at Symmes Arlington Hospital.

GRATIFYING REPORTS

Reports from several local ministers indicated that more Arlington people attended Easter services this year than in any year in the town's history.

At least four pastors reported record attendances, and while the others were not interviewed, it was learned that practically every church in town welcomed a far larger group than in recent years.

The weather was wonderful, the services were well publicized, and Easter funery was never more prevalent. Yet there must be a deeper reason for the huge increase in the number of persons who came to worship on this special day.

International developments have a sobering effect on the thinking of the average person. The role of the church in the American way of life must be of increasing weight if the nation is to meet the onslaught of ideological acts and thoughts from abroad.

While a seven day a week church member, active in all of the work of church is to be desired, it is still gratifying to find so many rallying on the special days of service.

Both the churches and the congregation should be inspired by the outpouring to greater deeds in the months ahead!

BETTER LATE THAN NEVER

This is a trifle late, but as the bard once said, better late than never. This is a message of congratulations to all the members of the Arlington Branch of the American Red Cross.

From the Chairman, Mrs. Wilkins, to those who made the tiniest contribution, it was an excellent effort. That Arlington exceeded its annual quota is a mark of attention to a community duty.

Well done!

expects them to play to win, and the minute one of the players slacks off, a substitute will be sent in. There are only a very few places in this world where one can compete with just oneself. If you doubt it, send to Utopia College, Eureka, Kansas, for a free copy of McComb's essay on the crime of present day High Schools.

TEACHERS DON'T DARE

A different point of view is presented by another high school teacher, who writes: "We cater to mediocrity. Only lip service is paid to the principle that achievement is the basis for grades. The truth is High Schools are constantly dropping their standards. Since students, along with many others in our present society, are not anxious to work for rewards, a teacher finds it expedient to give fairly good marks to all. The good students, in turn, finding good grades come with relatively little work, begin to let up. Then the downward cycle cannot fail to operate in school as in business." Let me add here that 3,725,000 unemployed is good for the nation. Such unemployment supplies the discipline which teachers fail to give.

This teacher finds much of the cause of this difficulty is in the home because too many parents "think that discipline is all right as long as it falls on the other fellow's kids!" The result is that the "would-be popular teacher eases up, avoids issues, and becomes popular by not insisting upon proper standards of conduct or academic achievement." This "easing up" is undermining all industry today and will be a cause of the "big smash" when it some day comes.

THE STANDARDS WE RAISE

Teacher: tell me that when they insist upon high standards and enforce them, they may become known as "good" teachers, but "unpopular." The school paper and the yearbook take cracks at them. When such teachers question obvious laxities at faculty meetings, the other teachers smile and refer to them as trouble makers. It is wrong for a principal or school committee to allow this, but then they also want their job!

Many good teachers tell me they have ceased being a martyr and have at last seen the light. They say that they get promoted faster by being a good fellow, smiling at students who need discipline and passing all students, whatever their work. This growing habit means much to every reader of this column. It explains why these high school graduates do not get and hold better jobs. This poor training handicaps your children throughout life. It is more than a school problem. You and your family will always suffer from such lack of school discipline. In fact, this "easing up" may be a basic cause of the next business depression when it comes.

Will Observe May Fellowship Day At First Parish Church May 7

Local members of the United Church Women of America will celebrate, in accordance with a national observance, May Fellowship Day, on May 7, at the First Parish (Unitarian) Church in Arlington Center beginning at 9:15 a.m.

Mrs. Earl Bolton, president of the United Church Women of Arlington, recently said, "May Fellowship is the observance the Church Women set aside particularly for 'neighborliness.' But with the friendliness we are interested in certain economic questions and what we can do about them. We are asking ourselves the following questions:

1. "What is my role in teaching economics to my children?"
2. "How can I make clear to them the important part that money plays in everyone's life?"
3. "Do I try to get something for nothing?"
4. "Does money symbolize power and success to me? Do I use it as a weapon at home or in organizations to which I belong?"
5. "Do I resent money paid for taxes and does this make for a responsible attitude toward government?"
6. "Should the housewife and mother concern herself with the labor relations or the ethical advertising policies of the manufacturer whose goods she buys?"
7. "How can we reconcile the old virtues of frugality and simple living with a society where mass production makes prosperity depend on mass consumption?"
8. "How can we apply Christian principles to our choices as consumers?"

"The United Church Women's National Assembly put itself on record in favor of freer world trade, technical assistance overseas without military strings attached, and distribution of U. S. surplus food to the hungry in other nations."

Mrs. Bolton concluded, "We are especially fortunate in having secured the Rev. Mildred Palmer of Mansfield, Mass., to speak to us on these questions."

Under the able direction of Mrs. Ross Rae of the Heights Methodist Church, general chairman, and the following committee, composed of representatives from every Protestant Denomination in Arlington, plans for an inspirational May Fellowship are underway:

No conscientious parent would give his son a machine gun on his birthday or on any occasion.

However, police found a machine gun in a teenager's firearm collection in an investigation following a recent Newton, Mass., tragedy that claimed the life of one youth and wounded another when a palm-sized pistol accidentally discharged in a school room. The accident and discovery underline the fact that guns do fall into the hands of youngsters, with or without parental consent or knowledge.

Liberty Mutual Insurance Company joins police and safety officials and all other groups and individuals interested in the safety of our children in urging parents to maintain constant vigilance against the possibility of firearms falling into the hands of youngsters.

The best way is never have guns and ammunition of any kind around the house. If you must keep them, be sure that they are under lock and key, safely and securely out of the way of uninitiated and unwary hands. Children should be early taught the danger of firearms and, if they are to be allowed to handle guns, should be properly instructed in their safe use.

Guns played a role in the early day growth of America. Let's not allow them to have a role in death for the youth of America.

Mrs. Ham Named President Of Arlington Garden Club

Members of the Arlington Garden Club met on Wednesday afternoon, April 14th, at Robbins Library Hall, and held their annual meeting, electing officers for the following year. Reports of officers and committee chairmen were read and accepted. Mrs. J. Franklin Ryder, Historian of the club, gave a detailed report of events which took place during the past year.

Officers elected were: president, Mrs. George E. Ham; vice-president, Mrs. Frank Lincoln; recording secretary, Mrs. John Loud; corresponding secretary, Mrs. Richard S. Low; treasurer, Mrs. Roy B. Crosby; Garden Club service, Mrs. Edmund S. Griener, chairman, Mrs. Charles W. Wright, co-chairman; horticulture, Mrs. George E. Rogers and Mrs. Harry Preston; hospitality, Mrs. George F. Fullerton; membership, Mrs. Leslie Moriarty; program, Mrs. Raymond C. Cronin; publicity, Mrs. Richard C. Marvin.

Preceding the meeting a plant exchange was held, and refreshments were served by Mrs. M. J. Abizaid and her committee.

The program for this meeting were sound films, "Spring Comes to a Pond," and "Story of Modern Roses."

The club looks forward to their Plant and Food Sale which will be held on Robbins Green on May 12, and to their Flower Show which will be held in September in the Town Hall. Mrs. Raymond C. Cronin will be the chairman.

All Out Effort Can Lick Cancer

We could probably lick cancer within a few years with a "crash program."

A crash program is an all-out, hang-the-cost effort such as the wartime Manhattan Project which beat the Nazis to the development of the atomic bomb. It had to be done.

No one has actually suggested that cancer be attacked on the same scale, but the research progress already achieved by scientists supported by the American Cancer Society and the government points to the likelihood that such an effort, undertaken with unlimited funds and thousands of workers, could lick cancer soon.

While a good argument could be made for a crash program against cancer (after all, it killed 227,000 of us last year in the U. S. and caused untold heartache, pain, poverty and human misery), the country is faced with other life-or-death matters too, involving national and civil defense.

However, Dr. Charles S. Cameron, medical and scientific director of the American Cancer Society, has warned that "we need to recognize cancer as a threat which is growing to the proportions of a national emergency, and to meet it as we have always met national emergencies, by giving of ourselves and our means to its defeat."

During April, the American Cancer Society will seek to raise \$20,000,000 nationally and \$7,100,000 here in Massachusetts for support of its programs of research, education and service. Pending a peaceful world in which all of our efforts can be expended toward the conquest of cruel disease, the least we can do is support the Cancer Crusade with generosity and with hope that its work shall be fruitful for all men within the foreseeable future.

Boys Club Enters N.E. Competition

On Saturday, April 24th, South End Boys' Club in Boston will be the scene of the Northeast New England Area Council Boys' Clubs of America annual Activities Day.

The Arlington Boys' Club has entered its members in many activities to take place on that day. With competition coming from Boys' Club from Maine, New Hampshire and Massachusetts, some of the events scheduled are: The Basketball tourney, for intermediate and junior-age members; the Gym Meet, including foul-shooting, relays, dashes, broad jump and pullups — also for intermediate and junior-age members; and checker tournaments; Peterson Peckyt billiards tourney; Art, Public speaking and Music contests.

Some of the Arlington boys registered for these activities are: Paul McKinnon, George Hurley, Charles Pigott, Joe Mahoney, Jim Qanty, Phil MacDonald, Dick Crowley, Joe Dooley, Tim Kenny, John Hanley, Don McKinnon, Buzz Dwyer, Bill Harmon, Jim Hurley, Gerry Kiernan, Bill White, Bill O'Connell, Steve Pineault, Phil Kuhn, Larry Gray, Ronnie Morrell and John Mullen will represent the Club in Public Speaking; Ronnie Broussard, Music; Peter Livotti and Geoffrey Wood, Art.

Members of the Boys' Club Associates will provide transportation. The entire party will be under the direction of George "Bud" Faulkner, physical director.

Superior Offers Fur Storage

Signs of Spring in the air set us thinking the other day about storing away all our heavy winter clothes. Where are we ever going to find room for the coats, snowsuits, leggings, heavy suits, blankets and all the other things. And, of course, they have to be cleaned and moth-proofed before they can be packed away for next year.

So, we called up our friend Mr. John Campbell to get some expert advice. Mr. Campbell, as you probably know, is President of Superior Laundry, so naturally he didn't even hesitate. "That's easy," was his comment. "Just send them to us here at Superior." We explained that we meant after they had cleaned them and we get them home.

"Don't take them home," Mr. Campbell said. He went on to explain that by using Superior's Winter Storage Service, we would eliminate all problems. If you send or bring your things to Superior, they will clean them and then store them for you all summer long. You don't have to worry about moths or storage space and your clothes are all fresh and ready to wear when you get them next fall, instead of being all wrinkled and musty from being packed away in boxes or jammed in the corners of closets.

Mr. Campbell also pointed out that Superior is offering a substantial discount on all early storage reservations. However, with our New England weather what it is, you can keep and wear your things as long as you wish. This special discount for early storage space reservation applies also to their fur storage.

Superior's Winter Storage Service

Superior's Winter Storage Service is not a new service, Mr. Campbell told us. Hundreds of people have been taking advantage of it for years. They realize the benefits of a service like Superior's which guarantees that their things are cleaned, conditioned and stored in a million dollar cold storage

depository to keep them fresh and fully protected until they call for them. Not only that, but they are glad to submit an estimate on any special repair work!

Mrs. Sadie Jolson, 15 Newman Way, Arlington, flew to the islands of tropical enchantment aboard a Pan American Clipper on April 15.

To Continue Spy Pond Weed Study

Last week the House of Representatives passed a Bill introduced by Representative Henry E. Keenan of Arlington for continuing the study of the weed condition in Spy Pond, Arlington. As a result of legislation filed back in 1952 preliminary studies have been conducted on Spy Pond and has started a series of studies on other ponds throughout the State. Due to the large amount of water contained in Spy Pond the State is continuing the study on smaller ponds and noting the results of the experiments. Therefore, as a result of these studies it is believed that a real solution will be found.

Resurrection In 3-D Universalist Topic

"There are three dimensions in the Easter message," said the Rev. George J. W. Pennington in the Easter sermon preached last Sunday at the Universalist church. The sermon, "Adventure over Death," brought to the attention of the crowded service, words from Jesus, Lee S. McClester (one-time Dean, Tufts College, School of Religion), and Alfred North Whitehead. The 3-D aspect of Easter, the minister indicated, is in the meaning for death's on-looker, something for daily living, something for the unknown future.

The minister spoke of the resurrection as "Symbolic of the resurrection of the individual human spirit over the less valuable conditions of life into those vibrant moments when it never seemed that life could be so good, so full of value. It is that reminder," stated Rev. Mr. Pennington, "that it is within the mind and heart of every son and daughter of God to be lifted up in his own present condition, in his unknown future, and as he walks along with someone else. It is man's great call to 'Adventure over Death.'"

The purpose of the program is to promote better understanding and appreciation of the cultures of the various nations.
